

SCANNY SAYS

"Always use an official ScanScraps compostable bag with a QR code."

Wondering which foods you can compost? Check out ScanScraps.com for a list."

"As long as your phone is with you at drop-off, you can record your drop."

"Download ScanScraps from the App Store or Google Play."

"Remember, diverting food scraps so that they can be composted is good for the environment and for our soils."

"If prompted, please allow ScanScraps access to your phone's camera and location functions."

"Thank you for reducing our planet's carbon footprint."

Diverting food waste from landfills and incinerators lowers greenhouse gases. The positive carbon reduction is real and measurable. ScanScraps tracks diverted carbon and tabulates your contribution toward making compost and BioGas.

HOW TO SCAN A BAG

- 1 Open App & go to **Bag-Pen**.
- 2 Select **Scan-bag-now!**

- 3 Hold viewer over QR code on bag.

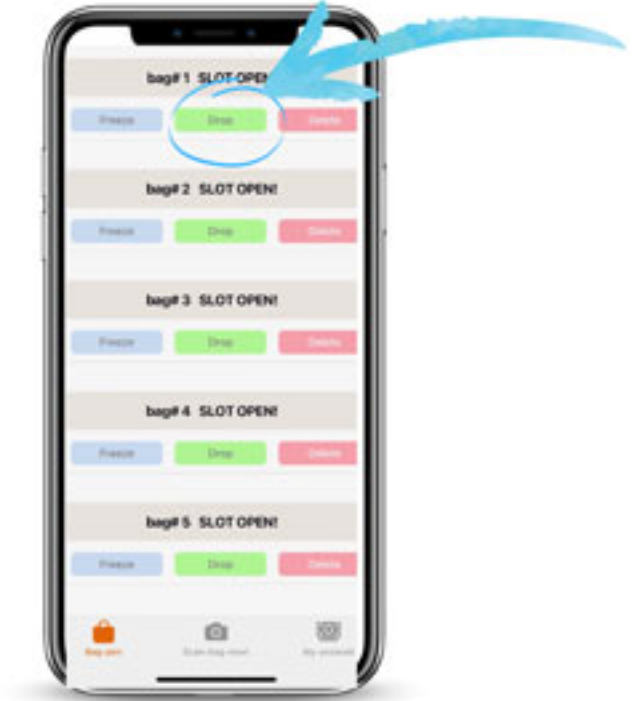

- 4 Scanned bag appears in **Bag-Pen**.
- 5 Place bag in caddy.
- 6 Start filling it with food scraps.

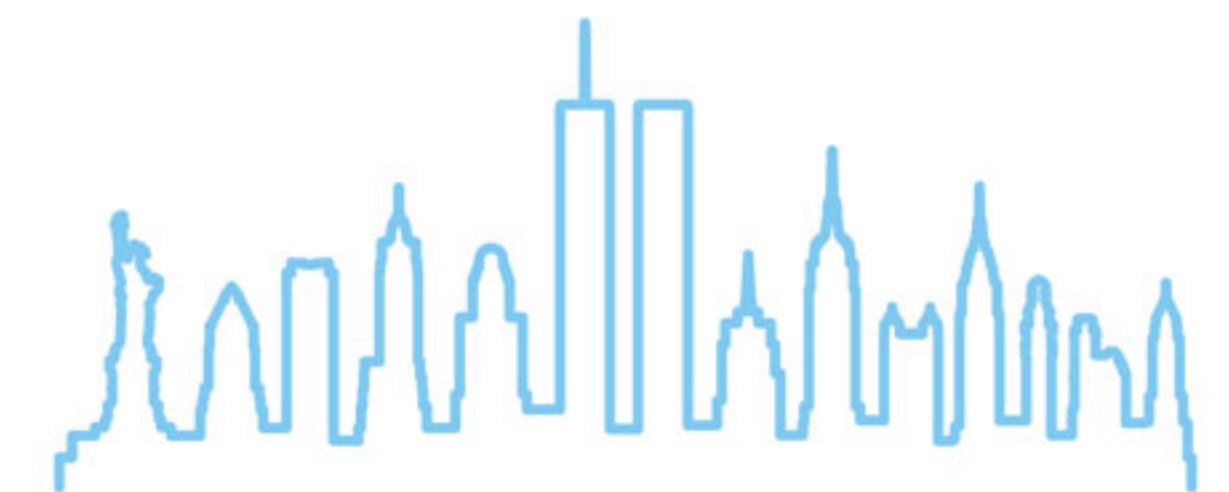

The scanned bag is recorded in your Bag-Pen. It stays there until you drop it or delete it.

HOW TO DROP A BAG

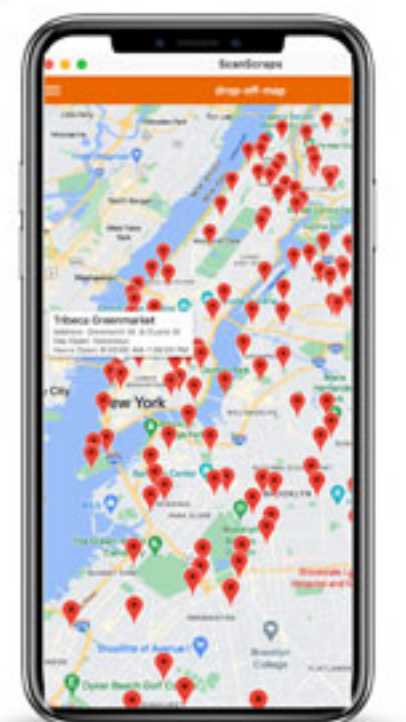

- 1 Take filled bag to an organics drop site.
- 2 Open ScanScraps App & go to **Bag-Pen**.
- 3 Select the bag to drop. Press **Drop**.

- 4 The App tracks your dropped bags so you can earn ScanScratch rewards.
- 5 Not ready to go to a drop site? Select **Freeze** and take the bag at a later time.

NYC has many neighborhood organics dropoff sites. ScanScraps is compatible with a site near you. Go to **Find Dropoff** in the ScanScraps App to locate a convenient site.

You should have ScanScraps compostable bags, or *Scannies*, and a vented collection caddy.

"Let's get started. There are food scraps to collect, drop and record so that you can earn your ScanScratch rewards!"
